

DC Coyote CAVE

After School Program

Commitment to Achievement & Victory for Everyone

Douglas City School is excited to be offering our after school program called ASES, aka DC CAVE! This program is free to all K-8 students. In the event of our site having a full program with a waiting list, students who are homeless, in foster care, and those that attend five days a week will be given first priority.

Program Days/Hours New Change: The after school program begins on the first day of school, during the hours of **2:30 pm to 5:30 pm*** and runs Monday through Friday. On early dismissal days we will start at 1:35 pm. *Parents are responsible for picking up their children on time. It becomes difficult to perform our jobs to the fullest when children are not picked up by 5:30 pm.*

This program is composed of three primary components:

Academic Support - will provide homework assistance, tutoring, and educational activities aligned with common core standards.

Enrichment and Recreation - will provide fun and engaging activities that give more depth to traditional learning. Activities may include leadership training, computers, music, science, art and various clubs. This year we will continue to improve and expand our garden; we have parent volunteers who are committed to helping us learn about and grow healthy, sustainable fresh foods. We also will be focused on good health habits and becoming active. Activities include organized games, music, drama, cooking, crafts, and other various recreational sports. We have cheer, volleyball, basketball and track teams that compete within our county and occasionally outside the county.

Healthy Meal - will be provided on a daily basis, adhering to State and Federal guidelines.

Students must have a school registration form on file for the requested school year with a "Yes" marked for ASES Program Enrollment in order to be permitted to attend the After School Program as well as all three forms of the DC Coyote C.A.V.E. packet completed, signed and returned. If you have any questions please call me or the office at 623-6350.

Sincerely,

Diana Losk

After School Site Coordinator

Call 623-6350 or (530) 623-3949 after 2:00 pm for all ASES needs
